

Topic title: Committee of Experts on Posting

Brief description and main aims:

"Posting" is the provision of services, for a limited period, in a country other than the one where the company usually operates or where a worker usually works.

The EU Committee of Experts on Posting of Workers was set up by the European Commission in 2009 (Decision 2009/17/EC), with the aim of providing support and assistance to the Member States in the practical application of the "Posting of Workers" Directive (96/71/EC).

The Committee is composed of experts representing the competent national authorities in each Member State and the social partners at European level representing sectors with a higher incidence of recourse to posted workers, such as construction, temporary agency work, catering, agriculture and transport, participate in the Committee as observers.

Why FIEC is dealing with this issue/topic and their objective(s):

Approximately half of the postings within the Internal Market are in construction activities.

FIEC therefore provides to the Committee of Experts its expertise and knowledge by : identifying and exchanging experience and good practice; promoting the exchange of relevant information; examining any questions and difficulties which might arise in the practical application of the posting legislation, as well as its enforcement in practice; closely following the progress achieved in improving both access to information and administrative cooperation.

Actions and key dates:

- 03/05/2018** – Meeting of the Committee of Experts
- 14/11/2018** – Meeting of the Committee of Experts
- 28/03/2019** – Meeting of the Committee of Experts (Presentation by FIEC of the assessment of 3 national websites: CZ, DE, PT)

Posting Directive – the start of a new approach

The issue of temporary posting of workers from one EU Member State to another is finally being clarified after two years of discussions

The issue of temporary posting of workers from one EU Member State to another is finally being clarified after two years of discussions. The Commission has adopted a new Directive (2018/957/EU) which amends the Posting of Workers Directive (96/71/EC). The new Directive aims to clarify the rules on the posting of workers and to ensure that posted workers are treated equally to local workers in the host country. The Commission also adopted a new Regulation (2018/957/EU) which amends the IMI Regulation (1024/2012/EU) to improve administrative cooperation between Member States. The new Directive and Regulation will be applied from July 2019.

“Evidence has shown that posting has been misused by unscrupulous companies”

The Commission has adopted a new Directive (2018/957/EU) which amends the Posting of Workers Directive (96/71/EC). The new Directive aims to clarify the rules on the posting of workers and to ensure that posted workers are treated equally to local workers in the host country. The Commission also adopted a new Regulation (2018/957/EU) which amends the IMI Regulation (1024/2012/EU) to improve administrative cooperation between Member States. The new Directive and Regulation will be applied from July 2019.
