

Joint meeting of the boards of FIEC and EFBWW

In order to confirm their commitment to the Social Dialogue, FIEC and the EFBWW (European Federation of Building and Wood Workers), the EU sectoral Social Partners for the construction industry, decided 2 years ago to organise joint meetings of their respective boards on a regular basis.

During the last meeting on 18/1/2019 in Brussels several priorities of common interest were identified, amongst others :

- the impact of globalisation
- tackling social fraud in cross-border operations
- digitalisation
- the problem of skills gaps and the need for investment in training and education.

The identification of these priorities constitutes the first step for the preparation of the next Social Dialogue work programme to be finalised and adopted by the end of this year.
